✉ MULOPEZ@PM.ME | ☎ (+63) 917 561 0660 | 📍 QUEZON CITY, PHILIPPINES | 🔗 [MURKEIRLUH.GITHUB.IO](#)

SKILLS

PROGRAMMING

.NET/C#, Python

SOFTWARE

Adobe Photoshop CS5, Microsoft Excel

WEB DEVELOPMENT

HTML/HAML, CSS/SCSS, Javascript, Ruby on Rails

OTHERS

Git, Microsoft SQL Server, PostgreSQL

EXPERIENCE

SAVA Health – Front-end Developer

JUL 2023 – PRESENT

SAVA is a London-based biotechnology startup reinventing continuous glucose monitors (CGMs) with its multi-molecule biosensing wearable device. Spearheading the development of an internal tool facilitating engineers and operators in seamlessly recording manufacturing process data for enhanced traceability. Implementing with Retool, Javascript, Microsoft SQL Server, and Cypress.

Greenova Services GmbH – Senior Software Engineer

NOV 2022 – NOV 2023

Netzwelt Inc.'s holding company. Operated with the same arsenal as I did under Netzwelt.

Netzwelt, Inc. – Senior Software Engineer

AUG 2019 – OCT 2022

Netzwelt Inc. is a software services company specializing in B2B e-commerce platforms. Planned, designed, and developed robust software systems using .NET/C# and JavaScript, integrating database operations with Microsoft SQL Server and PostgreSQL. Collaborated remotely in Central European Time (CET) with our team in Stuttgart, Germany.

UP UTAK – Front-end Web Developer

MAR 2022 – MAY 2022

UP University Transactions Automated Kit (UTAK) is a form management system created to centralize forms and requests for the UP Diliman Office of the Vice Chancellor for Academic Affairs. Led the enhancement of website design and forms interface using CSS and PHP in WordPress, including the implementation of Gravity Forms.

iAADS+ – Web Developer

AUG 2020 – FEB 2022

A revamp project for the Office of the Vice President for Academic Affairs’ Internal Academic Assessment and Development System (iAADS). Led the design of the primary user interface and established standards for the user-facing data entry system. Utilized Ruby on Rails, JavaScript, Sass/CSS, HAML, and PostgreSQL for development

Dormmi – Lead Front-end Engineer, UI/UX Specialist

JUN 2019 – SEPT 2019

A platform that helps students search for housing near university. Worked on frontend improvements using HTML, CSS, and a sprinkle of ReactJS.

STORM Technologies PH – Web Development Intern

JUN 2017 – JUL 2017

Worked mostly with backend bug fixes for the company’s merit increase and performance bonus management system. Learned and developed with PHP, MySQL, Laravel, and Bootstrap.

EDUCATION

University of the Philippines Diliman – BS Computer Science

AUGUST 2014 – JUNE 2019
